

Trinity Capital Inc. Provides \$15 Million in Growth Capital to Lendflow

May 19, 2025

PHOENIX, May 19, 2025 /PRNewswire/ -- [Trinity Capital Inc.](#) (Nasdaq: TRIN) ("Trinity Capital"), a leading alternative asset manager, today announced the commitment of \$15 million in growth capital to Lendflow, a software development company that provides embedded credit infrastructure to fintechs, lenders, and vertical software-as-a-service (SaaS) companies.

Headquartered in Austin, TX, Lendflow enables platforms to efficiently integrate lending experiences into their platforms with scalable, low-code solutions. Through its proprietary operating system and data analytics, Lendflow streamlines customer acquisition with credit decisioning and underwriting to empower lenders to scale their operations with flexibility and simplicity.

"Lendflow's comprehensive approach to embedded credit infrastructure reflects a forward-thinking vision within the evolving financial technology landscape," said Brendan Carr, Director, Tech Lending at Trinity Capital. "We are proud to partner with their team and support their continued growth as they deliver smarter lending solutions to their clients."

This growth capital will be used to fuel Lendflow's expansion of key product initiatives and accelerate its mission of democratizing access to credit. The debt investment will also power the next generation of its AI-driven data intelligence and automation platform, creating a more transparent, efficient, and intelligent lending ecosystem for the businesses they serve.

"Our platform gives customers the control to configure their own partnerships, underwriting, decisioning, capital delivery, and now AI agents in one stack — we're here to remove the tech barriers holding lending innovation back," said Jon Fry, Founder and CEO of Lendflow.
